

*Physics and Applications of High Brightness Beams:*

*Towards a Fifth Generation Light Source*

San Juan, Puerto Rico — March 25-28, 2013

Dear colleague,

The preliminary list of invited speakers at the upcoming ICFA Workshop “Physics and Applications of High Brightness Beams: Towards a Fifth Generation Light Source” is now available (<http://pbpl.physics.ucla.edu/HBEB2013/Program.html> ). Abstracts for contributed presentations and posters are being accepted for three more weeks, so that we may finish the organization on the exciting program now rapidly taking shape. Please, also take this opportunity to register for the workshop, and to book your lodging.

For abstract submission, please visit  
<http://pbpl.physics.ucla.edu/HBEB2013/Abstract.html>

To register for the workshop, please visit  
<http://pbpl.physics.ucla.edu/HBEB2013/Registration.html>

Looking forward to seeing you in Puerto Rico,

James Rosenzweig  
Co-Chairman

Massimo Ferrario  
Co-Chairman

Luca Serafini  
Program Committee chair
